TRIGGERS BE GONE!

Control your Asthma!

New Haven Health Department

Asthma Initiative

New Haven

2008

BYRON KENNEDY, MD, PhD, MPH
DIRECTOR OF HEALTH

A S T H M A

Goals of Program:

- Reduce the severity of Asthma
- Improve the delivery of care to people with Asthma in the New Haven area
- Improve Asthma self-management among New Haven residents.

Services:

- Patient Asthma education services
- Community health fair participation
- Healthy Homes Inspections
- Community Asthma education/presentations
- Free Asthma self-management and environmental control supplies for eligible families

How can you get services?

- Have a health care provider or school nurse fill out the Triggers Be Gone asthma referral form.
- Get referred by the Healthy Homes inspector at the New Haven Health Department (See below for info).
- You can receive free medical equipment if you....

1. New Haven Resident

2. Have a diagnosis of Asthma (Children & Adults)

AND

3. Either lack insurance or lack coverage for essential Asthma control supplies
